

To: Families, Parents, and Students of RHS
From: Doug Faris, Assistant Principal, RHS
Re: Parking Permits for 2018 - 2019

RHS receives many requests for permits each year. Issuance of permits by administration is dependent on multiple factors. Various requirements are necessary to complete the process. Students must meet academic eligibility, hold a valid driver's license, pay the required fees and follow all rules governing parking eligibility.

Note: In order to secure a parking permit for the 2018 -19 school year, the following must be in order:

- 1. All prior fees, and/or fines must be paid (i.e., lost books or locks, athletic fines, etc.)**
- 2. The \$100 student fee for the 2018 -19 school year, once applied to the account.**

Exceptions to these requirements will be reviewed on a case by case basis. Final determination is made by the administration.

All applications must be completed and returned to the Revere High School Attendance Office. **No money will be accepted at the time of application.**

Further information will be sent out in August via e-mail and voice message to include payment and vehicle registration requirements. Please see/call Mrs. Baird in the Attendance Office if you have any specific questions not addressed herein.

Other Pertinent Information

The use of a motor vehicle by students on school property is considered a privilege at Revere High School. Only Junior and Senior students are permitted to complete the application process to secure the required permit.

The annual permit affords the student the opportunity to park in an assigned spot in the Revere High School parking lot. The permit may be suspended or revoked by school officials due to violations of the Revere Local Schools' Code of Student Conduct. The administration reserves the right of final determination of reasons to revoke driving privileges at RHS.

Excessive absences and tardiness to school will be considered as reason to revoke driving privileges to school. Promptness to school is always expected and required, regardless of means of transportation. **Car trouble and/or transportation difficulties are not approved reasons to be tardy or absent from school.**

School officials retain the right to examine the contents/and or search any car parked on school property when there is reason to believe items contained in the car may interfere with the safe or effective operation of the school.

Please be advised that drivers are prohibited from smoking, sitting, or loitering around any cars on school grounds during the day. Students must leave the vehicle immediately after it is parked. Students need to take all items needed for the school day with them as they park their car in the morning.

Should the student change vehicles, license plates, or experience a change in status of license, immediate notification to the main office is expected. Parking permits must be displayed from the rear view mirror while on school property.

Other violations which may subject the student to loss of driving privileges include, but are not limited to the following:

1. Unauthorized driving to/from school grounds
2. Reckless operation/excessive speed to/from school, or on school property
3. Parking in an unauthorized area/space
4. Failure to register vehicle or display permit
5. Parking in an unassigned spot
6. Possession of illegal substances in car
7. Switching or borrowing a permit
8. Squealing tires/blasting radio
9. Other inappropriate action or behavior

The Revere Local School District assumes no responsibility for damage or theft of any student vehicle. Students are expected to comply with procedures or may face disciplinary action by administration. Vehicles are subject to towing at the owner's expense for violations of procedures.
