*The Bath Church, UCC cordially
invites all all Revere Seniors,

Baccalaureate has a long tradition in academia as a service of worship connected to graduation giving thanks to God and the academic institution for work completed and for sending the graduates into the world with God's blessings. No longer a part of public school graduations, local churches and groups have organized in many communities to keep Baccalaureate services a part of the graduation tradition.

Graduating seniors are invited to share in the service with readings, music and prayer. To participate or for further information, contact The Rev. Dr. Cindy Parker at The Bath Church:
