Carson Higgins would have graduated from Revere in this past year. Diagnosed with childhood cancer at the age of three, Carson lived a life rich with faith, hope, love and strength until his passing at the age of 12 in 2016.

Founded in 2017, the Carson Higgins Memorial Foundation enhances the quality of life for children facing cancer and other life challenges by funding programs that provide therapeutic, medical and educational opportunities. The Foundation also gives to causes and programs that were meaningful to Carson. Following his example of paying it forward, the Carson Higgins Memorial Foundation has provided scholarships totaling over \$60,000 to nearly 60 Revere graduates since 2017.

Various sponsorship levels and foursomes available!
