BROADWAY BOOTCAMP

Broadway BootCamp 4.0

The goal of Broadway BootCamp 4.0 is to provide children ages 8 through 15 with specific tools to help them develop talents for musical theatre. Each session works towards building a foundation that will help young actors be successful onstage. Activities focus on exploring and discovering the talents necessary to be a great musical theatre actor (singing, dancing, acting). At the end of Bootcamp, students will have a chance to join the Summer Performance Workshop and integrate those skills

Time: 10:00 am to 11:00 am Ages 8 - 17 Fee \$75

DAY AT THE IMPROV

If your child has quick wit or ever been dramatic, then they are probably good at improvising! This workshop is just for them! They will learn the basics of improvisational theatre, such as talking off-the-cuff and help overcome mental blocks, listening and storytelling and becoming more dynamic. These goals will build on ideas and help overcome the anxieties of public speaking and help actors become more confident speakers.

Time: 11 am - Noon Ages 13-17 Fee: \$75
