*As part of the district-wide student art show, the Celebration of the Arts planning committee likes to support all the arts---encouraging our Pre-K thru 12th grade students to participate as guest entertainment each evening of the show. Our past entertainers have included singers, dancers, musical instrument performers, jugglers, etc. Whatever your talent, come share it with the Revere community! Minimum time slots are 15 minutes in length, but you are welcome to perform for up to 30 minutes. Please indicate if you are a solo or duet performance. We will provide a piano and a microphone. Entertainers will be responsible for any other equipment needed.*
