Revere Bus Garage to Open for Start of 2020-21 School Year Initial Delays, Weather Conditions Push Back Paving Completion Dates

(December 2019) – The new bus garage for Revere Local Schools will now open for the beginning of the 2020-21 school year.

The district had hoped to open the new facility in January 2020, but initial issues in establishing site utilities lines delayed the project by six months. The revised construction schedule had a tentative completion date set for the end of this month. However, weather conditions began to deteriorate before asphalt work could be finished.

“ICON, our construction firm, and all of the subcontractors and staff are disappointed the opening of the bus garage will be delayed,” said Revere Superintendent Matthew L. Montgomery. “However, the need to open the facility in December does not outweigh risks associated with paving in substandard weather conditions. We believe waiting a few more months is the right course of action.”

The district expects to resume paving in the spring when site conditions are optimal.

The opening of the new bus garage will coincide with the grand opening of the new, state-of-the-art Revere High School in September.
